

## Welcome

**Professor  
F. Ris**  
Proctology unit  
Service of visceral  
surgery  
Geneva University  
Hospitals,  
Geneva, Switzerland

Dear Colleagues,

I am delighted to invite you to the 24th Advanced course in proctology and pelvic floor disorder program from the 4th to the 7th of February 2020. It is traditionally organized by the Geneva University Hospitals. For the first time, we will be hosted by the SWISS Foundation for Innovation and Training in Surgery (SFITS), a multidisciplinary and modular platform designed to simulate real-life conditions and provide a secured and controlled training environment to professionals working in the operating rooms.

As you know, proctological diseases are the most frequent after dental diseases. We propose you a four-day interactive course. We will be combining face to face lectures with live surgeries. We have been preparing interactive training modules based on case-studies, demos, techniques presentations, group discussions, difficult case presentations, debriefs and self-report evaluation.

This course is fully accredited by the Swiss Surgical Society (32 CME points). At the end of the course, every participant will receive a certificate.

On behalf of our team and our partners, we look forward to welcoming you and seeing you in Geneva.

*Professor Frédéric Ris*

Rue Gabrielle-Perret-Gentil 4  
1205 Geneva, SWITZERLAND

## General Information

[www.sfits.ch](http://www.sfits.ch)

Date **4th - 7th February 2020**

### Organizers:

#### Prof F. Ris

Dr N.C. Buchs  
Prof R. Chautems  
Dr E. Liot  
Dr J. Robert-Yap  
Dr R. Scarpa  
Dr K. Skala  
Prof C. Toso  
Dr G. Zufferey

### Invited Faculty:

Dr M-L. Amram  
Prof P. Chappuis  
Dr M. Girardin  
Prof D. Hahnloser  
Prof G. Meurette  
Dr O. Onody  
Prof B. Roche  
Prof A. Spinelli  
Dr A. Sgroi

### Accreditation

Accreditation by the **Swiss Surgical Society**  
**32 CME points**

Accreditation by the **Swiss Gastroenterology Society**  
as a necessary course for the training

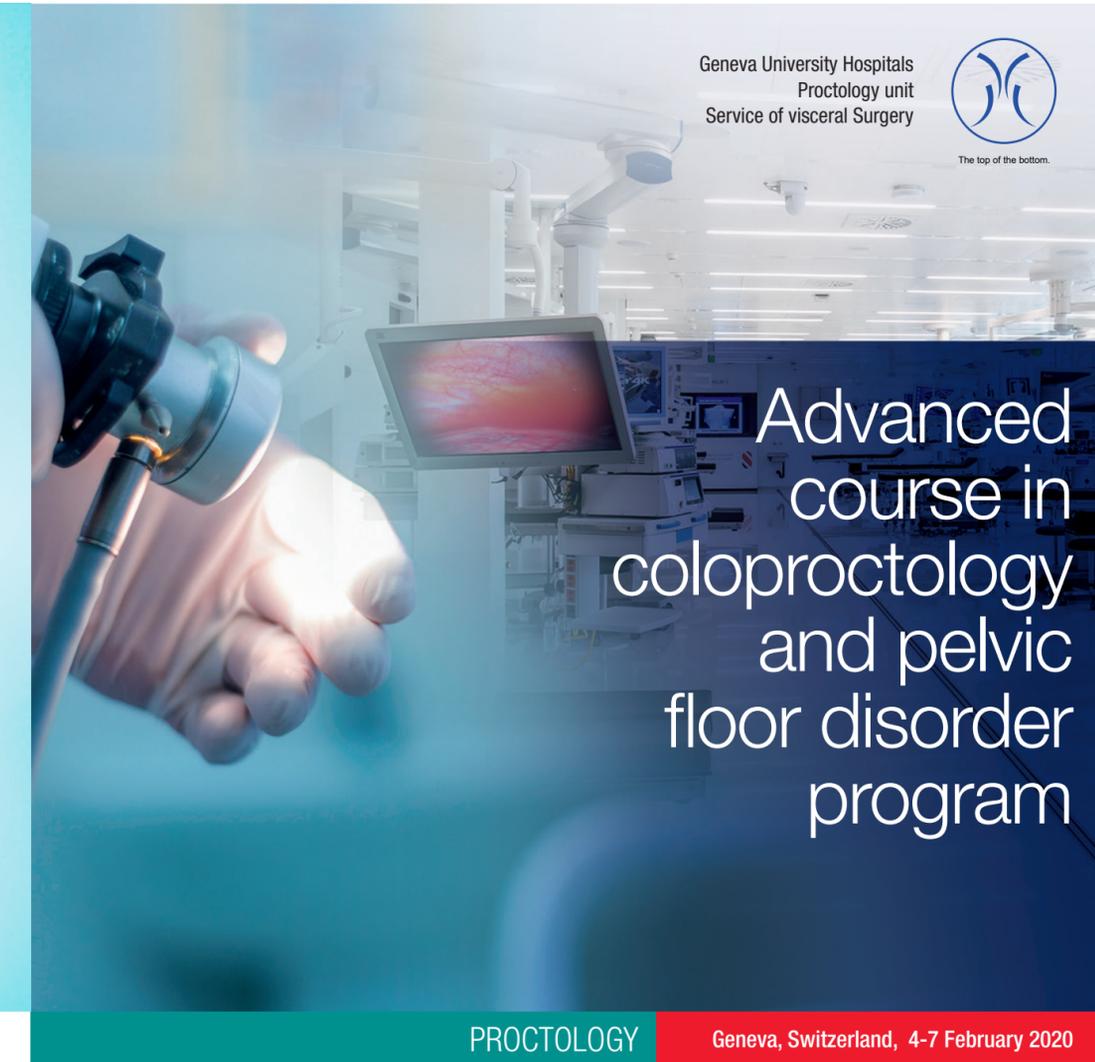

Pelvic Floor Anatomy  
Sacral Nerve Modulation  
Anal and Rectal Physiology Perineal Pain  
Radiology and Imaging  
Anal Incontinence  
Endoanal Ultrasonography  
Physiotherapy  
History & Symptomatology  
Pelvic Floor Disorder  
Hemorrhoids  
Organ Prolapse  
Anal Fissures  
Rectocele  
Suppurations and Fistulas  
Pharmacology and Proctology  
Inflammatory Bowel Disease  
Anal Dermatology, Infectious Diseases, Pruritis  
Nutrition  
Constipation  
Pilonidal Sinus  
Clinical Cases discussion

**LIVE SURGERY**

with direct OR communication  
for live Q&A during OP

### Language

English

and pelvic  
floor disorder  
program

PROCTOLOGY

Geneva, Switzerland, 4-7 February 2020

Course director  
Prof F. Ris

# Inscription

Registration is to be sent to [colo.rectale@hcuge.ch](mailto:colo.rectale@hcuge.ch) with the following information:

- Title of the course:  
Advanced course in Coloproctology and Pelvic Floor Disorders
- name, phone, title, hospital

Once we confirm your registration, you will have a few days to transfer the registration fees to the course bank account.

Once the communicated deadline has expired and if the fees have not been paid, we reserve the right to offer your seat to a person on the waiting list.

**Registration limited to 30 participants, register early to ensure a place!**

## Participation fees

- Registration Fee includes course, materials, daily lunches and coffee break all 4 days

CHF 800

More information: [www.proctology.ch](http://www.proctology.ch)
